

Softball Sectionals:

For this year's EKS Games, we are having 3 Softball sectionals. We have determined the sites based off of your locations, which are the North (St Joseph County), South (Harrison County), and Central Region (Johnson County). All of the sectional sites will be hosting the Sectional games on August 19, 2017.

There are a couple of dates to remember with two of these being submissions:

1. Monday July 31, 2017 – Final Rosters are due
17 athletes max to a roster
2. Monday August 7, 2017 – Softball Game Records are due
Prior to this date, you must have 2 full games completed with results. You have to compete against a different team in your same classification, for example Traditional, DP, or Unified. State Game rules will apply. We will need these scores to division for the Sectional.
3. Saturday August 19, 2017 – Softball Sectionals in all of the Regions
Sectional winners will advance to the State tournament, so that means it is a Single Elimination tournament. Some of the teams may have an Automatic Qualifier because of the number of teams in the division or location. These teams do not have to attend the Sectional. Also, if you have athletes competing in the skills competition, they will need to compete at the Sectional to be eligible to compete at the State Tournament, but all skills competitors can advance regardless of place. After the sectional, we will contact the county coordinator to confirm the skills' entries.
4. Additional information on Sectionals including times and locations will be forthcoming. The final games schedule will be distributed after the Games Records are received.
5. Saturday September 23, 2017 – EKS State Games
These games will take place at Midwest Sports Complex
7509 New Augusta Road
Indianapolis, IN 46268
