Opening Eyes

Healthy Athletes Discipline

Special Olympics
Indiana

ONE OF SIX DISCIPLINES OF INDIANA'S HEALTHY ATHLETES PROGRAM

Special Olympics' Lions Clubs International *Opening Eyes* program is changing lives in communities across the globe, providing free eye assessments, prescription eyewear, sunglasses and sports goggles to people with intellectual disabilities. At the end of the 12-step visual exam, a decision is made if new glasses may be helpful. Indiana's *Opening Eyes* Clinical Directors are Dr. Steve Hitzeman, Dr. Jennifer Bailey, and Dr. Katie Connolly.

"We need to ensure that the dialogue on health equity also includes intellectual disabilities, which has traditionally not been the case. Special Olympics has the tools to support your inclusive health journey."

Vice Admiral Jerome M. Adams, MD
Surgeon General of the United States
