ENTRY INFORMATION

Refer to the Events Policy section for more details regarding entry information.

ADDITIONAL INFORMATION

- Following entry, programs will be mailed a directory of teams to guide the scheduling of pre-tournament games.
- When Special Olympics athletes or Unified Sports® partners require the use of wheelchairs or other mobility assistance devices, participation in team sports (basketball, softball, volleyball, and flag football) likely creates undue health and safety risks for that athlete and others in the game. The County Coordinator may apply to the State Office for special consideration for athletes who require such assistance. These requests will be considered on a case-by-case basis. Athletes in question should not compete at any level without State Office approval.
