

EVENT POLICIES

ENTRY INFORMATION

1. All athletes must have completed the online Athlete Registration process and have a current Medical on file on record in GMS. This process is done online and must be finalized prior to athlete participation in any practices, games, or registration for state level competitions. If this is not completed, the athlete will be ineligible to participate or register for that event. Unified Partners must be Class A volunteers prior to event registration.
2. Athlete Medical Information can be generated from GMS. For assistance with this, email medapp@soindiana.org. The State Office will provide the Medical report for each State level competition. Athletes will NOT be allowed to participate if they do not have a current medical.
3. Athletes are expected to be properly trained for a minimum of eight (8) weeks prior to the event.

DEADLINES

1. Games entries are completed through GMS. All entrants must be in GMS by the established in-house deadline or "registration window" date listed for each sport.
2. Entry materials will be accepted only from County Programs registered with the State Office. Contact the State Office to learn how to become a registered program.

FEES

1. The entry or registration fee will be transferred from the County account to the State account on the deadline date. Insufficient funds in the County account are cause to reject the entries or registration.
2. The County Program is responsible for notifying the Regional Manager before the deadline if special circumstances exist.
3. Once past the entry deadline, no refunds will be given. In the event of cancellation of the entire event, entry fees will be refunded.

COACH-CHAPERONE FORMS

1. Any volunteer who has regular contact with athletes (coach, chaperone & Unified Sports® partner) must obtain Class A volunteer certification.
2. All Class A volunteers (coaches, chaperones and Unified Sports® partners) entered by a County Program must be registered in the Volunteer Management System (VMS) and have completed an application, background screening, Coach/Volunteer Orientation, Protective Behaviors training, and Concussion Awareness training.
3. Entry materials must include a list of all Class A volunteers (coaches and chaperones) who will supervise athletes during the event.

WEATHER PLAN

SOIN's number one priority is the safety and well-being of athletes, coaches, and volunteers. Therefore, we ask that County Coordinators use their best judgment when bad weather endangers or prohibits safe travel to and from events, as well as athlete participation during events.

State Office staff will update County Coordinators on status of a state level event if weather issues are a concern leading up to the event. If a County Coordinator or coach has questions on the status of an event, they should contact event personnel using the event phone number provided in the event's coaches' packet.

The Event Director may cancel, delay, or change the event in case extreme weather or other conditions may affect the safety and health of the participants. If the weather is severe enough for Special Olympics to cancel an event partially or entirely, the event will *not* be rescheduled. When inclement weather interferes with an event, Special Olympics reserves the right to credit County Programs for entry fees.

Please keep in mind that weather conditions at the competition site may differ from weather in local areas. If a County Program decides not to attend an event because weather in their region interferes with safe travel, they should call the phone number at the event site provided in the coaches' packet to notify the games authorities.

For any competition event cancelled prior to the final round of competition, athletes/teams will receive participation ribbons.

EVENT POLICIES

GUIDELINES FOR LIGHTNING SAFETY

The purpose of these guidelines is to provide a default policy to those responsible for making decisions concerning the suspension and restarting of contests based on the presence of lightning.

1. Assign staff to monitor local weather conditions before and during events.
2. Develop an evacuation plan, including identification of appropriate nearby shelters.
3. Criteria for suspension and resumption of play/practice/outdoor activity:
 - a. When thunder is heard, or a cloud-to-ground lightning bolt is seen, the thunderstorm is close enough to strike your location with lightning. Suspend play and take shelter immediately.
 - b. 30-minute rule. Once activity has been suspended, wait at least 30 minutes after the last thunder is heard or flash of lightning is witnessed prior to resuming play.
 - c. Any subsequent thunder or lightning after the beginning of the 30-minute count, reset the clock and another 30-minute count should begin.

At the time of registration athletes, unified partners, and volunteers agree to the Code of Conducts mentioned in this guide.

When an incident occurs in violation of these agreements, programs are expected to submit a Code of Conduct report form that is available on the resources page under general e-forms. These reports are submitted to and retained by the State Office. County Programs in conjunction with the appropriate SOIN staff will determine any possible disciplinary action in response to the alleged violation of the Code of Conduct.

A list of possible courses of action is located on the Procedures: Course of Action.
