Today we will be using the Baker System. The first bowler on each 5-person team will bowl the first and sixth frames. The second bowler will bowl the second and seventh frames, and so on. The Baker System makes it a truly inclusive team sport.

The Unified Coaches Association of Indiana, Inc. was formed to promote and advance student athletes and coaches participating in Unified Sports in the Hoosier State. In partnership with the Indiana High School Athletic Association and Special Olympics Indiana, the UCAIn strives to enrich and enhance the experience.

During the 2021-22 School Year, the UCAIn Recognition Committee created an Academic All-State recognition program for Unified Student Athletes and Unified Student Partners within the sport of Unified Bowling.

To be recognized as Academic All-State a student must:

1. Be a senior and a varsity member of a team from a school participating in a Unified Sports tournament,
2. Be nominated by their school head coach who is a member of UCAIn, and
3. Have a cumulative GPA of 3.7 or higher or its equivalent (as determined by the principal for students not graded on a traditional grading scale).

* Nominations are currently being accepted for 2025 Unified Bowling Academic All-State.
