ADDITIONAL INFORMATION

1. All County Programs will receive an updated listing of athletes who are eligible to compete at the beginning of September. Athletes who are eligible to compete have completed the Online Registration and Athlete Medical form.
2. The Intent to Participate due on Oct. 12th is a two-part process. Step 1: All athletes, ramp assistants, coaches, HODs who are apart of the delegation at Area tournaments must be entered into GMS by this date. No scores are required to be entered at this time. Step 2: Submit the Intent to Participate excel form to your Area Director or Area Competition Director so they know how many athletes would like to advance to the State tournament. This will also help Area Management teams determine if your County Bowling Tournament will be a qualifying tournament or an elimination tournament,
3. All County Programs will conduct or compete in a County Bowling Tournament. New this year: These tournaments can be held anytime in September and October, however they must be completed by October 26th. They can be during the normal practice time, but must be completed during this timeframe. All athletes and Unified teams must compete in the County tournament to be eligible for the Area tournament. Guidelines for divisioning and hosting the tournaments will be available for County tournament use.
4. Advancement to the State Tournament is based on placement at the Area Tournament.
5. The State Office will transfer from each County account \$20 per athlete or Unified partner who advances from the Area Bowling Tournament to the State Tournament. Insufficient funds in the County account may result in disqualification of State advancers. There are no athlete substitutions or scratches.
6. An athlete's entry score for the Area Tournament should be their average based on a minimum of 12 games bowled in the training program prior to the Area Entry deadline.
7. The State Tournament entry score will be the established average, unless the Area Tournament series average is more than 30% above that established average, in which case the Area Tournament series average will be used.
8. When Special Olympics athletes or Unified Sports® partners require the use of wheelchairs or other mobility assistance devices, participation in team sports (basketball, softball, volleyball, and flag football) likely creates undue health and safety risks for that athlete and others in the game. The County Coordinator may apply to the State Office for special consideration for athletes who require such assistance. These requests will be considered on a case-by-case basis. Athletes in question should not compete at any level without State Office approval.
